c. If no such agreement exists, what is the understanding of Classic Construction and Coolbrook regarding this issue?

3. Provide the proposed journal entry that Classic Construction will use to record the transfer.

4. Provide the proposed journal entry that Coolbrook will use to record the transfer.

5. Paragraph 6 of the application states that Coolbrook has the requisite financial ability to operate the subject wastewater treatment and collection facilities. State the basis for this assertion and provide all documents that support Coolbrook's financial ability to operate a sewage treatment plant.

6. Provide a copy of Classic Construction's current financial statements (at a minimum, a balance sheet, income statement, and statement of retained earnings for a period ending not more than 90 days prior to the application date).

8. Provide a copy of all workpapers and assumptions used to determine the acquisition price of \$60,000.

9. Will the \$60,000 acquisition price paid by Coolbrook become an obligation of the customers of the wastewater treatment plant? If the acquisition price is to be "pushed down" onto the customers of the wastewater treatment plant, enumerate in detail the benefits to be received by the customers of the wastewater treatment plant that could not be provided by the current owner.
